Energy Assistance and Weatherization

Information and Education Acknowledgment Form

This is a required form that relates to items in the Application Instructions packet.

Established in 1981, LIHEAP is a federally funded program that helps low-income households pay their energy bill. Assistance is in the form of a dual or single party warrant, or direct payment to a utility provider on behalf of an eligible applicant. Eligibility is based on the household's total monthly income. Because of significant funding cuts, the federal government requires that states target households with low-incomes and high energy costs, taking into consideration households with elderly and disabled persons and children under six years of age.

An incomplete/incorrect application will take additional time to process or may be rejected. Persons living in board-and-care facilities, nursing or convalescent homes, or in jail or prison are not eligible for LIHEAP.

I have read and understand the following program guidelines and education pamphlets:

- ☐ the Energy Assistance and Weatherization program information sheet
- ☐ the WattSmart Energy Savings Guide
- ☐ the Energy Education Pamphlet
